"Sixteen to One," that Henry Meyer can give you the best goods for the money that can be found in Henry county. His fall stock of clothing is coming in, and the styles are prettier than ever before and the prices are lower. He always guarantees a fit. Try him.

Joseph Koller left for Hot Springs, Arkansas, this week. Mr. K. will remain there a few weeks for the benefit of his health, returning in time to cast his vote for Bryan and free silver. He is an ardent advocate of the double standard and believes the free coinage of silver will right many of the wrongs done the producer.

We had the pleasure of spending last Friday in Liberty Center, and were agreeably surprised to see improvement and thrift upon every hand. In the last few years the place has improved wonderfully, and especially so since the fire. The new town building, Odd Fellow block, and a score of fine residences would do credit to places of much greater pretension than Liberty.

No danger of being over run with silver, as our republican friends say we will if free silver carries. The silver mine of the United States produce only \$90,000,000 a year, which would give us only a dollar a head increase in circulation. We need much more, but even that much would boom business, increase opportunities for employment and give new life to home building in the West.

Something you should not forget during this beautiful October weather is that Saur & Balsey carry the largest and best line of paints, oils, varnishes, brushes, wall and window shades to be found in the city. This is the best time of the year to do your painting. That the price of paint and oil was never so low as it is now. That we are selling wall paper 25 per cent lower than ever before. That we make a specialty of window shades of all kinds. That the best place to buy your paints, oil, wall paper and window shades is at Saur & Balsey's drug store.

Judge L. W. Brown to be at Liberty Center.

Liberty Center has been fortunate in securing a date for a speech from Judge L. W. Brown, a former resident and republican of Fulton county, but who is now doing good service in the free silver cause. Mr. Brown will speak at Liberty on the evening of the 13th inst., in the town hall. He should be given a rousing reception, as he will tell the people some truths concerning the money question that will be some help to them in determining their vote this fall.

A Section of New Election Law.

"Any elector who declares to the presiding judge of election that he is unable to mark his ballot by reason of blindness, paralysis, extreme old age or other physical infirmity, and such physical infirmity is apparent to the judges, to be sufficient to incapacitate the voter from marking his ballot properly, may, upon request, receive the assistance in the marking thereof of two of the judges of election belonging to different political parties, and they shall thereafter give no information in regard to the matter. But such assistance shall not be rendered for any other cause which the voter may specify, and the declaration of disability to be made by the elector under oath before him."

Prof. Foster's Weather.

His last bulletin gave forecasts of the storm waves to cross the continent from October 1 to 5 and 7 to 11. The next disturbance will reach the Pacific coast about the 12th, cross the Rockies country by close of the 13th, great central valleys 14th to 15th, eastern states 17th. The warm wave will cross the west of Rockies country about the 12th, great central valleys 14th, eastern states 16th. The cool wave will cross the west of Rockies country about the 15th, great central valleys 17th, eastern states 18th. The notable feature of this disturbance will be the cool wave mentioned above scheduled to cross the continent from 15th to 18th. It will be a cold wave and will cause much snow and freezing in northern latitudes and killing frosts in the northern parts of the cotton belt. This disturbance will also bring the heaviest rains of the month to the southern states and inaugurate the coolest week of the month. Temperature of the week October 4th to 10th inclusive, will average more above the normal than any other week of the month and during that week the most severe storms of the month will occur. This 4th to 10th, will be what I term the high temperature storm period to distinguish it from the low temperature storm period that will occur from 18 to 24.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera, and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by D. J. Humphrey, Napoleon, Ohio.

THEO. DAMAN, Chairman.

EDS. NORTHWEST:—I would like to call the attention of the readers of your paper to an article which appeared in the Signal of the issue of Sept. 23rd, '96, stating that J. H. Brigham is working in the eastern states in the interests of sound money and protection. The same is a misrepresentation and casts reflections on Mr. Brigham, Master of the National Grange, who is paid by the body for his services in the eastern states to advance the interests of the Grange and not to advocate the principles and interests of any political party. We are sorry to hear a member of the order try to belittle Mr. Brigham to that extent. We know he is a single gold standard advocate and he has a right to be, but he has no right to work for any political party in his Grange work, and does not. We know of no excuse for Bro. Palmer's foul play unless he pleads ignorance, and if that plea we hope he will keep a little better posted in Grange work for he is in a position to be much value to the Patrons of Husbandry. To cast such reflections on the National Master is a big mistake.

Fraternally,

If your children are subject to croup watch for the first symptom of the disease—hoarse cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by D. J. Humphrey, Napoleon, Ohio.

It Goes Without Saying

that when you are suffering from catarrh, you want relief right away. What is the use then of experimenting with blood "cures" upon a climatic disease? Use a local remedy. Use Ely's Cream Balm, which relieves at once the attacks of catarrh and cures chronic cases. This remedy can be used by all without injurious results. It contains no mercury nor injurious drug of any kind.

Death of a Former Resident of Henry County.

Friends and acquaintances in this locality were pained to learn of the death of Mr. Grant Shelt, of Fulton county, a former resident of this county. He died of typhoid fever at the home of his parents, Mr. and Mrs. John Shelt, on the 29th day of September, aged 28 years, 1 month and 27 days. The funeral took place on the 2nd of October, in the morning at 10 o'clock, at the home of Mr. Shelt, in this county. A year or so ago Mr. John Shelt moved from Harrison township to Fulton county, buying a farm near Napoleon, where he has since resided. The bereaved parents have the sympathy of this community in their loss of a son.
